Volunteer Opportunities

The trails at Devil's Den State Park provide endless hours of recreation, solitude, and adventure for those who choose to preserve the park's natural beauty. In order to help maintain the trails and keep them in good condition, Devil's Den State Park has a volunteer program called the Friends of Devil's Den State Park Volunteer Organization. The Friends of Devil's Den State Park is a group of people who work together to keep the park and its trails in good condition.

Lee Creek Trail

Lee Creek Trail is a popular trail for both hikers and cyclists. It is a 4-mile loop trail that runs through the heart of the park. The trail is well-marked and easy to follow, making it a great choice for families with children.

Yellow Rock Trail

Yellow Rock Trail is a 3-mile loop trail that takes hikers to the top of a small rocky outcropping. The trail is a bit more challenging than Lee Creek Trail, but the views at the top are well worth the effort.

Volunteer Opportunities

Volunteer opportunities are available at Devil's Den State Park throughout the year. Volunteers can help with a variety of tasks, such as cleaning up trash, planting native plants, and maintaining trails.

Trail Regulations

Vehicles are not allowed on any trails within the park. All vehicles must be left at the visitor center. Bicycles are allowed on the trails, but hikers are asked to exercise caution when sharing the trail with cyclists.

Other information available from the visitor center includes park hours, trail conditions, and weather information. The park's website is also a good resource for up-to-date information and trail maps.
